Opinion of those who bought \\\"I bought because I already know the system of this coffee maker, and it turned out as good as the previous brand I had. It's fast and inexpensive, and the coffee is full-bodied and very good. I recommend it.\\\" Mescarne01\\\"04\\\"2016 Coffee Maker and Cappuccino Cadence EXP302-110 Electric Black and White Glass Jar Capacity for 4 Coffees Note: 10 \\\"The coffee maker is very efficient. Easy to use and the coffee is at the ideal temperature. The only problem was in the transport because the kettle arrived broken.\\\" Diene15\\\"10\\\"2015 Coffee maker and Cappuccino Cadence EXP302-110 Electric Black and White Glass Jar Capacity for 4 coffees Note: 10 \\\"Very good, I liked this product too much but it is not very suitable for lazy rsrsrs, who are used to those traditional and simple coffee makers that only put water and coffee and let it do the rest alone, with this machine is a little more complex you can not go out and leave it working alone, pg can overflow and make more kkk dirt, outside of this is an excellent machine and makes a very creamy milk, a delight! recommend to all\\\" antonio21\\\"09\\\"2015 Coffee maker and Cappuccino Cadence EXP302-110 Electric Black and White Glass Jar Capacity for 4 Coffees Note: 10 \\\"Coffee maker practices... but not expressed. If you want a very hot coffee you have to use the vaporizer to heat. And gto to the cappuccino leaves to be desired!\\\" Cieberr11\\\"04\\\"2015 Coffee Maker and Cappuccino Cadence EXP302-110 Electric black and white glass jar Capacity for 4 coffees Note: 6 \\\"Do what it promises and the coffee is delicious, as well as cappuccino and hot chocolate! I really liked it and recommend it, but be careful with steam!\\\" Lucas02\\\"03\\\"2015 Coffee Maker and Cappuccino Cadence EXP302-110 Electric Black and White Glass Jar Capacity for 4 Coffees Note: 10 \\\"Great cost benefit... not spoiled use for 6 months and fine foam!\\\" cassia14\\\"01\\\"2015 Coffee maker and Cappuccino Cadence EXP302-110 Electric Black and White Glass Jar Capacity for 4 coffees Note: 10\\\"Good product to make a coffee \\\"pure!\\\" and with milk and the like. I recommend it to people.\\\" Edison25\\\"12\\\"2014 Coffee maker and cappuccino Machine Cadence EXP302-110 Electric Black and White Glass Jar Capacity for 4 Coffees Note: 6 \\\"Best market value cost Benefit, product makes cappuccino and espresso, buy one and when my friends got together he asked me to buy two more!\\\". Edinardo12\\\"09\\\"2014 Coffee maker and Cappuccino Cadence EXP302-110 Electric Black and White Glass Jar Capacity for 4 coffees Note: 10 \\\"Slow and complicated. I'm returning the product because I didn't get it right to make a decent coffee. If I respect the measures, it is weak, if I go up, it is too strong. Better to invest a little more and buy the envelopes ready.\\\" Gustavo28\\\"08\\\"2014 Coffee Maker and Cappuccino Cadence EXP302-110 Electric Glass Jar Black and White Capacity for 4 Coffees Note: 2 \\\"Very good, but I recommend that before reading the manual, the coffees come out a delight mainly the cappuccino!\\\".
